Note from the Principal

Dear Parents-

It was so good to see so many of you at the Dedication Celebration on August 30th. We also had a fantastic turnout on last Thursday night for the PTL Ice Cream Social. Thanks to all who put that event on and participated. It is always so fun to watch everyone interact and have a great time. I hope everyone had a great holiday (and extended) weekend this past weekend! I want to remind everyone that the school sends all primary communication via Fast Direct (K-8) so it is very important that parents log on to check messages and teacher updates (on the Fast Direct bulletin boards) frequently. If you need help logging on, please contact the school office.

Have a great weekend!

In Him,

Allison Dolak
Principal

Thanks to everyone who came to the Ice Cream Social last Thursday. It was a great time! If you didn't sign the volunteer book while you were there, please stop by the office to make sure your family gets a volunteer hour for attending. Also, please check the bulletin board outside the school office for future volunteer opportunities. Save the Date!! Oct. 30 will be Immanuel's "Trunk or Treat". This event will

be a safe, fun time for the whole family. Bring the kids out in their costumes to load up on candy, and stay to sample some chili! In addition to the "Trunk or Treat," PTL will be hosting a chili cook-off that same evening. Stay tuned to the Eagle Weekly for further details on the Trunk or Treat and chili cook-off, and start dusting off your chili recipes!!

FLU VACCINES offered at ILS

Influenza, or *Flu*, is a respiratory infection caused by a variety of flu viruses. The U.S. Centers for Disease Control and Prevention (CDC) estimates that 10 to 20 percent of Americans come down with the flu during each flu season, which typically lasts from November to March. Children are two to three times more likely than adults to get sick with the flu, and children frequently spread the virus to others. Although most people recover from the illness, CDC estimates that in the United States more than 100,000 people are hospitalized and about 36,000 people die from the flu and its complications every year.
